Valuable Oil Field.

The Estill County Oil and Gas Company which owns and operates the famous oil fields of Estill county, last week declared a monthly dividend of two per cent. This equals 24 per cent. annually and proves the company to be in a prosperous condition.

About 35 wells are at present producing 100 barrels per day for the company. It is proposed to drill twenty more, which, it is estimated, will double the production. The entire output of these wells is taken by the Standard Oil Company, which, to facilitate its handling, has guaranteed to put in an oil line at once. This will be completed in about three months and will be the means of a vast saving for the concern. At present 34 cents per barrel is paid as freight on the oil sent out from their field and with the pipe line completed the directors believe that the company will be justified in raising its monthly dividend to four per cent.

Representative Day Dead.

Hon. Carl Day, the popular Representative from Breathitt county, died at Lexington Tuesday after several weeks illness of inflammatory rheumatism. His remains were taken to Jackson yesterday for burial. Mr. Day was a brother to W. R. Day, formerly of this place.

Council Proceedings.

The Clay City Council met in regular session April 6th at the Council chamber with Mayor J. H. Terry in the chair and Councilmen Barnett, Williams, Daniel, Warmouth, Rose and Littlepage present.

But little business was transacted at this meeting aside from the allowance of the following bills:

Prof. I. J. Gaines, bal. on salary \$100.00	
Mayne Groves 7th months " 44 44	
Maggie Groves " 30 00	
Judge Webb cost in four suits 11 60	
Mrs. W. H. Neal, board for pris'rs 4 05	
Wm. Johnson, hauling gravel 10 00	
Coleman Portwood work on street 22 00	
Ed Warmouth, Marshal's salary 40 00	
" cost in four suits 4 00	
Swann-Day Co. Dec. rent & lights 80 00	
" March " 25 25	
H. G. Burgher & Son acct. to date 4 75	
A. Rucker, janitor at school house 10 00	

Total, - - - - - \$336 09
The light bill was cut down on account of the company's failure to keep burning the number of lights called for in the contract.

The council will take up the selection of school teachers at the regular May meeting.

Estill Boys Will Shoot.

During a game of base ball at Lexington between the State College and another college team, Lee Anderson shot and slightly wounded Coley Haydon. Anderson is a young student from Estill county and was acting as fence guard during the game. Haydon attempted to gain admittance to the ground by scaling the fence. To this Anderson objected, but his objections only

brought forth a volley of oaths when he fired with above results.

Receipt Against Rats and Mice.

Here is a farmer's receipt for ridding his place rats of mice: "If you will sprinkle sulphur on the barn floor and through your corn as you gather it, there will not be a rat or a mouse to bother you. I have done this for several years and have not been bothered either. I have some old corn in a crib at present and not a rat or a mouse can be found. In stacking hay or oats sprinkle a little on the ground or through each loaf, and my word for it, rats and mice can't stay there. A pound of sulphur will be sufficient to preserve a large crib of corn and is good for stock and will not hurt the corn for bread."

The fishing season seems to be over. Some of those who had splendid luck in the very early spring say they can not now get a bite.

Irvine Items.

[Irvine Herald.]

Representative Robert Blackburn, of Stanton, has been in the county leasing oil territory.

A sentence of five years in the penitentiary was given Dar Raider Tuesday, charged with the killing of Alex Stevens, a Ross creek last October.

Mrs. Black, about sixty years of age, wife of John Black, died at their residence in East Irvine on last Monday evening. Deceased had been in feeble health for a year or more.

Henry Watson is here making arrangements to put in the local telephone. The exchange will be temporarily placed over Bert Powell's store, until a more suitable place can be secured.

The Cooperage Company has staves enough on the yard to keep the factory going several months, besides many thousands in Station Camp awaiting a tide to be brought to the factory.

The case against Tharp and Crawford, transferred here from Breathitt county, and charged with burning Capt. Ewen's hotel during the late reign of terror in Jackson, was continued on account of the failure of witnesses to appear, Capt. and Mrs. Ewen being the only ones present.

Darlingsville.

John Smethers' family are all down with measles.

Marion Dawson, of Vienna, visited here last week.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

SPOUT SPRING.

Wiley J. Christopher, Jr. before leaving for Illinois last week, sold his saddle horse to Daniel F. Blanton for twenty-five dollars.

B. L. Burgher who has been afflicted so mysteriously the past five years, has suffered a relapse the past week and Dr. Littlepage was called to see him.

Teat Christopher, who left this place last week for Illinois, has located at Eureka, Woodford county. Mr. Christopher writes that he is well pleased with the country, and will not return again until next Christmas.

The contract to carry the mail from Kimbrell to Clay City by the way of Spout Spring, has been awarded to Mr. Sammy Embes for ninety-four dollars per year. Mr. Embes is a reliable gentleman and will perform his duties satisfactory to all the patron on the route. The time required to make the trip is less than one-half day.

Our Drink Bill.

The American Grocer's annual estimate of the nations drink bill shows the formidable total cost of alcoholic and other stimulating beverages for the year ending June 30, 1903, to have been \$1,451,633,379; the annual average for the past five years, \$1,293,903,358.

The record shows an expenditure for stimulants of \$18.15 for each of the 80,372,000 inhabitants, or \$90.75 per family of five. The average annual cost for five years was \$16.17 or \$80.85 for each family.

It is estimated that one fourth of all the people use alcoholic beverages on which each consumer of strong drink expends \$62.16 every year to gratify appetite.

Prosperity seems to lead to an increased use of fiery liquids which is more potent for evil than every thing else, the parent of every species of crime and the promoter of degradation.

Nothing but a tax of \$1.10 per gallon and the efforts of the advocates of temperance prevents the debauchery of the nation by cheap whisky. The total revenue of the United States Government in 1903 from spirituous and malt liquors, license, &c. was \$179,501,328—a per capita tax of \$2.24, of \$11.20 for every family.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1902.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent. better.

Log Lick is on a boom, W. R. Matherly and J. S. Wood are erecting a new store and will carry a stock of goods, and Matherly will keep his saddle and harness shop in that building. We also understand that another store will be started there soon. It looks like Log Lick is luckier for stores than preachers.

I am always glad to see the TIMES, it is the only paper published in Powell county. Its editor came from the common people and should be patronized. He is prompt and always gets his paper out on time, and the people are fast learning this fact and realizing that they should support such a paper as this.

Lewis Howell, son of Jas. Howell, while fooling with a pistol last Tuesday that he thought was empty accidentally shot his sister, Allie, through the lungs which proved fatal in 15 hours. Her remains were interred in the Mountain Spring Cemetery in Estill county. She leaves a father, two brothers and a host of friends to mourn her loss.

Mr. John Powell, of Star Gap, this county, was in our midst last week and announced that he had been a house keeper for 23 years during which time he had never bought any corn or meat. Mrs. Powell has in the last year sold \$135.00 worth of butter, and has sold eggs and poultry in proportion, she also canned about 200 gallons of fruit last summer and fall. So much for a mountain farmer, but few can say so much. Why should the people that have better surroundings grumble at the hard times when hard work and less worry together with a little motherwit and management will bring about good times.
